Divorce Rate In
Ohio Is Alarming,
Rotary Club Told

The increase in divorces in Ohio is alarming, according to Carl A. Weisman of Steubenville, judge of the common pleas court of Jefferson county, who discussed "The Divorce Problem" to members of the Rotary club at a meeting Tuesday noon in the Memorial building. The speaker stated that in 1943 to 1944 there were 48,000 divorces granted in Ohio, while the number of marriages were 50,000.

Seventy-five per cent of the divorces are among couples who are not church members, Weisman said. He attributed most of the cause of delinquency among boys and girls to broken homes.

"The state of Ohio represents one-seventh of the total of divorces in the United States," he said. Andrew MacLeod was program chairman.

An inter-city meeting with the clubs of Alliance, Sebring, Columbiana and Minerva is scheduled for 6:30 p. m. next Tuesday in the Memorial building.

JULIANO HONORED
BY KIWANIS CLUB

Louis Juliano, a Senior, acting captain of the Salem High school football team, was chosen as the "most valuable player" on the 1945 squad by a vote of his fellow players and consequently was awarded the Kiwanis club football award at a meeting in the Memorial building at noon today.

Entertaining the team and coaches, the Kiwanians awarded Juliano the first of such awards given a football player. The affair is to be an annual event, having originated at the close of the 1944-1945 basketball season.

Dr. George Jones presented the award to Juliano.

Charge Nazis With Plans To
Attack U. S., Kill Stalin

BY WES GALLAGHER

NUERNBERG, Nov. 21.—Justice Robert H. Jackson, chief U. S. prosecutor opening America's case against the 20 Nazi war lords facing the international war crimes tribunal, said today the Germans planned as far back as 1940 to attack the United States.

He said Nazi records also disclosed the Japanese planned to assassinate Soviet Marshal Stalin in 1940, through the use of Russian traitors.

The 20 once-powerful war lords pleaded innocent to charges of en-gulfing the world in a bloodbath. Jackson promised in his opening 20,000-word statement to the court that the defendants would be convicted by the Nazis' own records.

The four-power international tribunal knocked the main defense prop under the Nazi chiefs when it denied their claims that they could not be tried for war guilt under existing international law.

Halt Goering Speech
The pleas of innocence were entered in a hectic 10 minutes with responses varying from the dog-like bark of "no" from Rudolf Hess, Hitler's one-time deputy, to a passionate reply of "not guilty, in the eyes of God" from Baldur von Schirach, Hitler youth chief.

The dramatic high point of the morning session was reached when Lord Justice Geoffrey Lawrence presiding, called the defendants forward one by one, warning them to plead merely innocent or guilty and to refrain from speeches which they would be permitted to make later.

Despite the warning, Hermann Goering, stripped of his medals and insignia as German reichsmarshal, lumbered to the microphone with a prepared speech and attempted to read it.

Presiding Lord Justice Geoffrey Lawrence halted him. With an angry grimace, Goering intoned: "I declare myself in the sense of the indictment not guilty."

When all the defendants had pleaded innocence, Lord Lawrence ruled that Ernest Kaltenbrunner, Nazi security chief who was unable to appear because of a cranial hemorrhage, would be tried in absentia.

Told of Crimes
Justice Jackson, in his statement to the court, asserted:

"They have subjected their European neighbors to every outrage and torture, every spoliation and deprivation that insolence, cruelty and greed could inflict."

"They have brought the German people to the lowest pitch of wretchedness, from which they can entertain no hope of early deliverance. They have incited domestic violence in every continent."

He said the real complaining party in the trial was civilization.

Eisenhower, Nimitz Appointed
Army, Navy Heads, RespectivelyMARSHALL, KING
SUCCESSORS ARE
NAMED BY TRUMAN

(By Associated Press)
WASHINGTON, Nov. 21.—The Army and Navy underwent a major shift in top commands today in the midst of an inter-service scrap over proposals to merge them.

President Truman announced the biggest shake-up in the defense departments since before the war, with these four changes:

1—General of the Army George C. Marshall, 64-year-old army chief of staff, retires, to be succeeded by General of the Army Dwight D. Eisenhower, 55.

2—Fleet Admiral Ernest J. King, who will be 67 Friday, retires as chief of naval operations, and Fleet Admiral Chester W. Nimitz, 60, takes his place.

McNary Succeeds "Ike"
3—Gen. Joseph T. McNary, 52, recently acting Allied supreme commander in the Mediterranean theater, succeeds Eisenhower as commanding general of the American forces in the European theater, commander-in-chief of the U. S. occupation forces in Germany, and U. S. representative on the Allied control council of Germany.

4—Adm. Raymond A. Spruance, wartime commander of the 5th fleet described by associates as a "cold-blooded fighting fool," becomes commander-in-chief of the Pacific fleet in place of Nimitz. He is 59.

The shifts were announced at a late afternoon news conference yesterday. Mr. Truman said Gen. Brehon Somervell, commander of the Army Service Air Forces, had asked to be promoted, too, but he had not consented.

Truman Plans Message
Asked about the difference in views on the Army-Navy merger—with Eisenhower favoring it and Nimitz opposing—Mr. Truman said he would state his own attitude in a message to congress and after that all would be in the same boat. He did not amplify.

"The President said Marshall feels his primary duty of directing mobilization, training and employment of the wartime army has been completed and that decisions bearing on an interim and postwar army" should be made by a successor.

Pending senate action on Eisenhower's nomination, the President named the Kansan acting chief of staff.

Immediate reaction on Capitol Hill to the command shifts were uniformly favorable.

High School Students
Hold Holiday Program

Rev. Ray J. Hunter, pastor of the Baptist church, spoke to members of the Salem High student body today in the annual Thanksgiving assembly. His talk was on "Moods That Mar Thanksgiving."

The Salem High orchestra, directed by C. M. Brautigam, presented several appropriate numbers during the assembly.

County Home Inmates
To Enjoy Holiday Feast

LISBON, Nov. 21.—A real Thanksgiving treat is being prepared today for the 121 aged men and women cared for in the County home by Supt. and Mrs. Ray T. Adam, heads of the institution.

The menu for the Thanksgiving feast includes: roast chicken, dressing, mashed potatoes, gravy, coleslaw, pumpkin pie, coffee and milk.

SHOTGUN KILLS
SEBRING BOY

Donald Fitzwater, 16. Accidentally Killed On Damascus Farm

This district's first hunting casualty occurred late yesterday afternoon on the Chester Stanley farm, near Damascus, when Donald Fitzwater, 16, of Sebring, was fatally wounded by a shotgun charge from the gun of a companion, Eugene Savage, R. D. 2, Beloit, as the boys were hunting rabbits.

The victim was the son of Mr. and Mrs. Eskey Fitzwater of Oregon ave., Sebring.

Mahoning County Deputy Sheriff W. D. Parr, who investigated, said the youth died on the scene shortly after Savage's gun discharged accidentally as he picked it up from the ground, where he had laid it a few minutes before.

Two other members of the party were Wilford Beaver and Robert Hessler, both of E. Pennsylvania ave., Sebring.

Fitzwater was struck in the left side. Columbiana County Coroner Ernest Sturgis, who was called to investigate the death, has not returned his verdict yet.

The body was taken to the Moosman-Vogt funeral home in Sebring. Arrangements are not completed.

Also surviving are three sisters, Mrs. Kathleen Masingill of Rome, Ga., Mrs. Marie Williamson of St. Mary's, W. Va., and Mrs. Eloise Gabriel of Alliance; two brothers, Buren Fitzwater of Alliance and Petty Officer Dean Fitzwater, stationed in Cuba, and his grandfather, Asa Fitzwater of Hebron, W. Va.

Two Officers Appointed
By Guilford Grangers

James Wernet was elected secretary and Mrs. Ethel Caldwell was named lecturer when members of Guilford grange met recently.

New members welcomed by the group are Homer Dorr and Walter Phillips.

Miss Carra Arbanitis won a recent essay contest sponsored by the grange. Lunch was served.

The next meeting will be held Dec. 1.

Rev. Hunter Will Give Sermon at Thanksgiving Service

Rev. Ray J. Hunter, pastor of the First Baptist church, will speak on "The Proof of Thanksgiving" at the annual union Thanksgiving service at 9:30 a. m. Thursday in the Methodist church, sponsored by the Salem Ministerial association.

The organ prelude, "In Hallowed Walls" (Harris) and "Litaney" (Schubert), will be presented by Homer Taylor, Methodist church organist.

The program follows:
Hymn, "Come, Ye Thankful People, Come," prayer, Rev. C. F. Evans, pastor of the Christian church; anthem, "Hymn of Thanks," by the Methodist choir; responsive reading for Thanksgiving; offering for world rehabilitation; offertory, "The Holy City," Capt. Robert Barton, trumpet; Walter Regal, piano, and Homer S. Taylor, organ.

Selection, "Gathering Sheaves," by a quartet composed of Mrs. Ralph Snyder, Mrs. George Talbot, Mrs. Gail Hutchesson and Miss Donna Regal; address, Rev. Hunter; hymn, "Lead On, O King Eternal"; benediction; organ postlude, "Now Thank We All Our God."

The Christian Science service will hold its Thanksgiving service at 11 a. m. Thursday.

Patrolman Chases,
Nabs Car Thieves

A trio of alleged auto thieves, all juveniles, are being held in city jail here today awaiting return to Akron by juvenile authorities.

Patrolman C. P. Shambaugh of the Salem state patrol barracks arrested the trio at about 7 p. m. yesterday after a chase near Cannons Mills on Route 30. He said a fourth occupant of the car, also a juvenile, escaped through the fields after the car was ditched as the officer pursued it.

A fifth passenger in the vehicle was a hitch-hiker, Shambaugh said, and he remained near the car after youths leaped out and ran.

A check on the auto and the license revealed the car to be an out-of-state car while the license is a stolen Ohio plate.

Akron authorities are expected to come for the youths today. The fourth boy is still at large.

Postal officials today warned the public against parking on the postoffice grounds which is a violation of postal department regulations.

The prevailing habit of parking during the working hours at the postoffice has interfered with receipt and dispatch of mails while the night time parking has drawn the condemnation of the visiting postal inspectors.

As a result, police cooperation has been solicited and any cars parking in this restricted zone will receive a ticket with a fine resulting.

HURT FDR, LOST
NAVY COMMAND

Richardson Tells Why He Was Replaced At Pearl Harbor

(By Associated Press)

WASHINGTON, Nov. 21.—Admiral J. O. Richardson today quoted the late Secretary of Navy Knox as telling him he was relieved as commander of the fleet in 1941 because he had "hurt the feelings" of President Roosevelt.

Richardson told the senate-house committee inquiring into the Pearl Harbor disaster that Knox told him in Washington March 24, 1941, after Richardson was succeeded by Admiral Husband E. Kimmel:

"The last time you were here, you hurt the president's feelings." Senator Ferguson (D-Mich.) asked Richardson, who said he had argued previously with the President against keeping the fleet in Pearl Harbor, if he knew how he might have hurt Mr. Roosevelt's feelings.

"It would hurt my feelings if a senior subordinate under me disagreed with me and I couldn't make him change his mind," the admiral replied.

Some War Preparations
Admiral Richardson earlier testified the Navy assumed on Oct. 10, 1940, that United States was ready to go to war if the Japanese retaliated against a proposed plan to stop Japanese shipping.

The inquiry brought out these other developments:
1.—Rep. John W. Murphy (D-Pa.) said Adm. William D. Leahy had told him he had no recollection that President Roosevelt ever expressed doubt that the United States would fight Japan if the Japanese attacked the Philippines.

Richardson had testified Mr. Roosevelt made such a remark at an Oct. 8, 1940, White House luncheon which Leahy, the President's wartime chief of staff, attended. Leahy has been called as a witness.

2.—Committee Chairman Barkley (D-Ky.) disclosed that former Secretary of State Hull, who has been summoned as a witness, may not be heard until the Thanksgiving holiday.

Former Leetonia Solicitor
Wins Bronze Star Medal

Lieut. Guy J. Mauro of Leetonia, now stationed at Camp Cook, Calif., has been awarded the Bronze Star medal for heroic action April 17 at Veldert, Germany.

"Assuming a self-assigned mission, he ascertained the location of the enemy, and, armed with a machine gun, he entered the building and captured 21 fully armed German soldiers and officers," his citation reads. Also captured were a number of small arms, ammunition and a communication center then in full operation by the enemy."

Lieut. Mauro entered the army three years ago and served six months in Europe. He was Leetonia village solicitor at the time of his induction.

His wife, Catherine, and daughter, Ellen, are with him at Camp Cook. He is the brother of Mrs. George Schneider, 211 W. Seventh st.

Walkout of General Motors Employees Began At Noon Today

(By Associated Press)

DETROIT, Nov. 21.—The CIO's United Auto Workers union struck the plants of General Motors Corp. today in a walkout aimed at crippling the gigantic producer in order to force a 30 per cent wage rate boost.

The strike, first big authorized peacetime walkout of first such blow at General Motors since the sitdown strike of 1937, began before 11 a. m. (Eastern Standard time).

20 States Affected
All GM's plants in 20 states, employing close to 200,000 production workers, were ordered out in the long-threatened battle between America's largest labor union and largest operating corporation.

The first reported walkout at an individual plant was at Flint, Mich., where employees left work at the Buick Motors plant. Nearly all had left the plant by 1:40 a. m.

Buick's force had been reduced temporarily from its original estimated 9,000 by a shortage of chassis frames which had stopped the production of Buick cars several days ago.

In meetings at Flint last night, union members were warned to refrain from violence, but to see that non-union foremen were not permitted to enter the plant plants.

Local 1075 of the AFL's building trades council notified the Flint UAW-CIO that approximately 1,000 AFL workers aiding in the General Motors reconversion program would walkout in sympathy with the auto workers.

Officials of the railway brotherhood told the strikers a single man posted at track entrances to stop plants would be recognized as a picket line and that railway traffic into the factories would cease.

Oldsmobile's First Strike
Chevrolet local 659 took over a restaurant near the Flint plant and prepared to serve coffee, doughnuts, and sandwiches to pickets.

Buick local 599 voted to take 32 per member out of its general fund to aid the strike cause, and Fisher Body local 581 voted a \$2 strike assessment against each member.

UAW-CIO locals of the AC Sparkplug division and the Chevrolet division voted against any specific assessment for the strike.

The strike marked the beginning of the first major strike in the history of Oldsmobile, the oldest motor car manufacturing concern in the nation. No strikes occurred in the Old plants during the war and the only previous work stoppage except during the "Lansing labor holiday" was a three-hour strike during the early days of the organization of the UAW.

About 600 workers, affiliated with the American Federation of Labor's building and maintenance unions joined with the 8,000 CIO corporation. An AFL spokesman said they were in sympathy with

Cold Wave Moving
In From the West

CHICAGO, Nov. 21.—A cold wave moving at 20 miles an hour was spreading over most of the midwest today, U. S. Weather bureau forecasters reported, bringing a prospect of a white Thanksgiving for some of the area.

The north and west portions of Wisconsin could look forward to two to four inches of snow on the ground by tomorrow morning to when up the holiday, but elsewhere the forecast was for rain changing to snow flurries and ending by tonight.

The weather bureau said Minot, N. D., had six below this morning.

A hard freeze, with temperatures in the low 20s, was expected to extend as far south from Canada as Chicago and northern Indiana.

Hold That Omelet

This is the kind of a news item not to read while walking from the refrigerator to the stove with a precious fresh egg purchased at something over five cents.

The government hopes to be an accomplice in the murder of approximately 100,000,000 hens, using the revenue from taxes to divert some of the resulting white and dark meat to worthy school children, in order to maintain a reasonable egg shortage and thereby hold up the price of eggs. It also would hold up the price of chicken, incidentally.

The More Abundant Lifers in Madhouse on the Potomac move in wondrous ways their miracles to perform. Anyone brooding about it on the way from the refrigerator to the stove with one of those five-cent eggs might come unstuck from his reasoning power and decide to have a nickel's worth of fun at his own expense. Everything else is at the consumer's expense, so why not a fresh egg?

Uncle Sam Ever Watchful

President Truman, pursuing his policy of warning over the New Deal, has picked out the health section of the original Wagner-Murray-Dingell bill introduced in 1943 and submitted it for congressional consideration.

This is undoubtedly the most attractive single detail of the towering structure of political paternalism the New Dealers have started to build for the nation. In the Truman, or warmed-over, version, it calls for compulsory health insurance to prepay medical costs. It also calls for disability insurance. These charges against earnings would be subtracted from wages, in the same way that social security payments are subtracted now. It may be assumed they would be paid into the general fund, where old age payments go; Mr. Truman does not say so, but social security payments under the New Deal are closely related to government revenue and deficit financing.

Three other steps are proposed in the Truman plan. The federal government would furnish more funds for hospitals and health facilities, thereby increasing the depth and width of its pork barrel. More federal funds would be made available for expansion of public health, maternal and child health services. Finally, more federal funds would be made available for medical education and research. Uncle Sam, ever watchful for his citizens, would pay more attention to them than ever, and there would be, of course, a slight charge of umpteen billion dollars to cover expenses.

The Truman proposal will be greeted enthusiastically by collectivists, critically by individualists. It will precipitate frenzied arguments in both directions and the issue between the New Deal's sponsors and its opponents will be joined again. Unfortunately, in the hullabaloo, many will miss the real point: that the collectivists in the Truman administration feel the time has come to put politicians and their appointees in complete charge of public health in the United States.

The original idea—the Wagner-Murray-Dingell bill—was to put politicians and their appointees in charge of everything for everybody, but it took in too much territory. Congress was singularly uninterested, in spite of the fact Congress itself is composed entirely of politicians. Mr. Truman's decision to single out medical care for attention at this time looks like an attempt to get the Wagner-Murray-Dingell bill passed piecemeal. Congress probably will be too busy with something else to take the bait. Congressmen with their ear to the ground know one thing about public opinion on social insurance that no New Dealer can admit—that the people who want it don't want politicians in charge of it.

If Anyone Wants To Know

There is a report occasionally that some Americans do not know what they should be thankful for on Thanksgiving.

While being thankful is a personal, subjective and relative matter, some of the common causes for being thankful are so well known and universal almost anyone could make a fairly representative list. A few of the obvious ones this Thanksgiving are:

That American boys no longer are hunted and being hunted like animals for the preservation of this country from the human animals that soon will be executed for their betrayal of humanity at places like Belsen and various Japanese horror centers.

That with a few exceptions that continue to weigh down our hearts, all the names on the casualty lists of World War II that are going to be added now have been added; and a telegraph messenger at the door is just as likely to bear good news as bad news.

That the United States, despite its reluctance to believe in itself and its persistent search for evidence against itself, has behaved in a momentous trial of its beliefs and principles in a manner that reflected credit on its citizens; Americans were not perfect in the war and are not being perfect in the peace, but on any comparative basis there is nothing to be ashamed of so far.

That within itself, the nation retains most of the precious assets which are described roughly as the "American way of life"—and that these include such relieving absurdities as illogical behavior and a fixed conviction that the right to be illogical, if so desired, is one of the inalienable rights of the privilege of living in the United States.

That the persistent practice of logicalness and illogicalness, in the proper mixture, having made the United States the envy and despair of all other competitors, is obviously not in any danger of being abandoned; all present signs point to a flourishing future for the frustration of the few persons who

itch to get control of Americans so we will be saved from their own mistakes.

That this is the kind of a country that can comprehend the significance of its Pilgrim fathers and mothers sitting down to a feast of thanksgiving, but has trouble comprehending the significance of political isms; Americans so far have been the despair of the political subdivisions eager to get people to fight each other so they, the subdivisions, can "save" people from their own violence.

That this is the only major society so far that has solved the problem of producing enough food to keep everybody alive; that only the problem of distribution remains to be cleaned up before every American also can have what he needs to be well nourished; that America has had the grace to share its bounty with starving foreigners without any hope of reward; that all this has been done in the name of the Almighty Creator without whose favor men can accomplish nothing.

These are but samples. Dozens more obvious reasons for being thankful on this Thanksgiving exist and also are too well known to need any listing. But with these few as a starter, the gratitude that fills us on Thanksgiving, 1945, may be sufficient unto a great occasion.

The Stars Say

For Thursday, November 22.

ACCORDING to most propitious and harmonious lunar transits this should be a day of great festivity, going about, sudden and dramatic culminations to all sorts of merrymaking and conviviality to celebrate the Great National Holiday in Thanksgiving for restoration of peace and abundance after five devastating and lean years. All this under beneficent astral incitements, with the only danger to be found in strange, illicit or intriguing situations, tricky, rash.

Those whose birthday it is may anticipate a pleasant and progressive year, in which the personal element, with charm, glamor, social and romantic activities or interests, engage concentrated attention. Romance, domestic, social or cultural issues are favorably stimulated and all business interests concerning these should prosper, particularly should there be new ideas or novel developments. But keep clear of lures and temptations, however attractive or intriguing. They spell danger.

A child born on this day will have fine talents and aspirations with fresh ideas and high ideals, and should enjoy a prosperous and happy life, if it will shun seductive pitfalls and sinister lures.

For Friday, November 23.

STATIC conditions are predominant, with a tendency to spend the day in relaxation or in the carrying over of conviviality, parties, romantic adventures, albeit these are beset with a note of the sinister, treacherous and illicit or illusive.

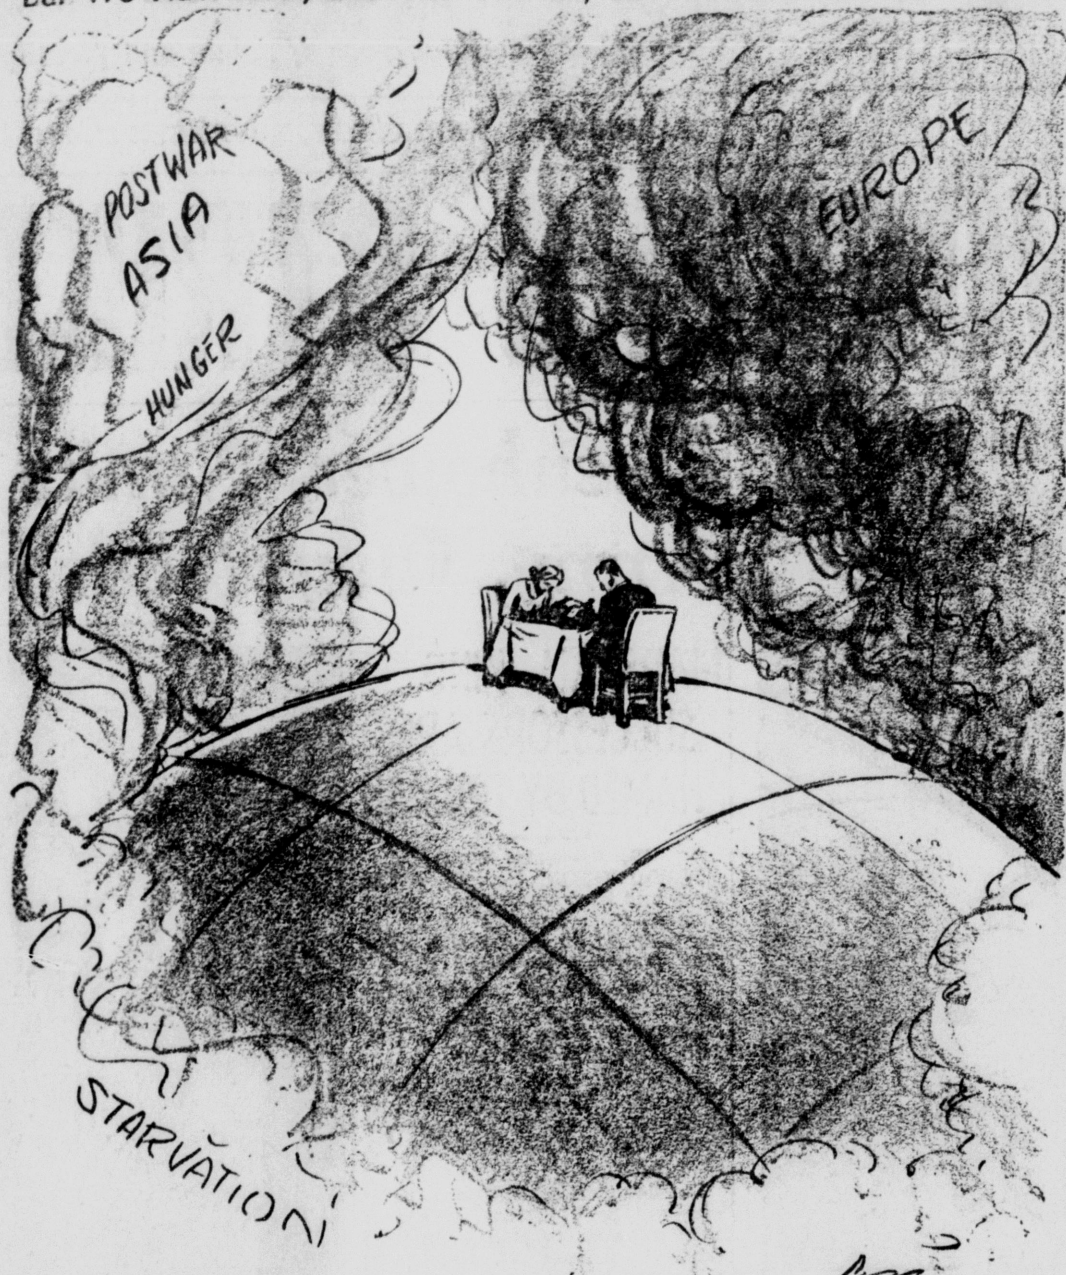

Excess, indulgence, improvidence and lack of discretion and good faith, are sure to culminate in regrets, sorrows, perhaps disgrace or loss of standing and integrity. Prudence and principle are to be exercised definitely.

If It Is Your Birthday

Those whose birthday it is are on the verge of a year in which it may be difficult to accomplish much of a concrete and lasting benefit, in any of the affiliations or objectives. Static and crystallized conditions, with limitation, delays and depression may incite to expressing the opposite role by excesses, indulgence, prodigality, regrettable extravagances and harmful flairs. This is discrediting to position, job or private reputation as well as funds.

A child born on this day will have little inclination to exert itself in any definite direction, leaning toward the pursuit of pleasure or indulgence, with extravagant and subtle lures.

Why Do Teeth Decay?

By HERMAN N. BUNDESEN, M.D.

ACCORDING to Doctor E. Brodie Carpenter of England, the introduction of bad eating habits is generally responsible for dental caries or tooth decay. In fact, he believes that diet in itself is the main factor in the production of tooth decay, although there are many who do not accept this theory.

It is true that the teeth, when they come through the gums, may contain tiny pits or cracks in which food may lodge and help to bring on trouble but this, he believes, is only a minor factor.

Nature of Saliva

The nature of the saliva or the secretion from the salivary glands is also important in dental caries. Saliva has been called nature's preservative for oral hygiene. It is important as a cleanser of the teeth. There is a popular belief that teeth decay because the saliva becomes acid and thus eats into the teeth.

As a protection against this action, more liberal intake of such minerals as calcium or lime and phosphorus has been recommended by many dentists, but increase of these minerals in the diet has not led to any great reduction in tooth decay.

Regular Cleaning

Regular cleaning of the teeth is undoubtedly important in helping to prevent decay, but this is not the sole answer to the problem. The introduction of finely-milled flour and sugar into the diet in place of unmilled cereals means that the cleansing action of the foods is lessened. This may be one of the dietary factors responsible for the increase in caries.

According to Doctor Carpenter, whole-grain bread benefits the teeth in two ways. Mechanically it

helps to clean the teeth, and the vitamins and minerals in the bread may have a protective action. Sugar and highly-milled cereals have a tendency to stick to the teeth and, when bits of these materials are acted on by germs, acids may be produced which damage the teeth and lead to caries.

School Studied

In a certain school, Doctor Carpenter took care of the teeth of the children. In the year 1939, most of the children had more than two cavities. In that year, he instituted a program for care of the teeth, but no improvement occurred until 1944. He believes that most of the improvement developed because the amount of vegetables in the diet was increased.

The children were given plenty of lettuce, raw carrots, and raw salad at least once a week. Of course,

BUSINESS IS RUSHING FOR THIS STOREKEEPER

A few months ago a telephone storekeeper's shelves were nearly bare. But now he's up to his elbows in business, serving up supplies and tools for the biggest peacetime telephone job in our history.

The 300 pages of supply information a telephone storekeeper uses in ordering his stock looks like a mail order catalogue. They contain some 1,500 items of materials and equipment ranging from nuts and bolts so small they must be stored in glass jars to a telephone pole. Another catalogue lists over 1,000 types of tools needed to do the job right—everything from a screw driver to a pole derrick.

Yes, a telephone storekeeper is busy these days. And so are the manufacturing plants that make telephone equipment and the men who install it. It takes "hustle" to restore our service to high pre-war standards in the shortest possible time. That is our goal.

SUMMARIZES WORK ON COUNTY ROADS

90 Miles Resurfaced In Year, 39 Miles Treated, Engineer Reports

LEWIS, Nov. 21—County Engineer Charles O. Snyder, in compiling an annual report of the Columbus county highway department, reported that \$665 miles of roads were improved with bituminous surfacing, a surface seal treatment being applied to 39.64 miles while black mix mats were laid over 51.01 miles in 1945.

In addition, 533,750 gallons of liquid bituminous materials was furnished and applied under contract by the Ohio Road Improvement Co.

The county highway department also assisted with township road improvements, cooperating with the various boards of trustees, the materials being delivered and stored to trustees in stock piles convenient to the project, Snyder stated.

This resulted in the changing of 275 miles of heretofore traffic bound types to bituminous-bound roads. The spreading and mixing of the aggregate with bituminous material and the laying out and rolling of the road were done by county highway crews under direction of the county engineer.

Any expenditure by the county in conjunction with the township program was made from the county road and bridge fund which is derived entirely from the automotive taxation, namely license and gasoline tax, Snyder pointed out.

Guard Against Frost Damage

In the improvement of the traffic bound road by blade mixing with bituminous material, Snyder explained that this is a stage construction method and generally requires three applications and a final surface seal to withstand the yearly frost action. By using this method on roads where traffic is light to medium heavy, it is possible to improve more miles per year and keep expenditures within the limits of funds provided by automotive revenues since the county highway department no longer receives funds derived from property taxation for highway purposes.

Aside from the improvement program general maintenance of county highways and repair of bridges were carried out by the county department. 44 bridges being reconstructed with new parts welded in without completely dismantling the structure.

Highway crews are now busy preparing for the winter months ahead. Snow fences are being erected, plow frame-works are being installed on trucks in readiness for the plows and the first snow, and cinder piles are being stocked at convenient places in preparation for slippery conditions on the highways, Snyder said.

Washingtonville

The union Thanksgiving service at Trinity Lutheran church will be held Sunday evening, when Rev. Kenneth Birney, pastor of the Methodist church, will speak.

Mrs. Albert Ritchie entertained the Bethel class of the Methodist church, taught by Mrs. William Bell, at a shower for her sister, Mrs. Clifford Barnes. The honoree was presented a gift and a social evening was enjoyed. Lunch was served.

Mrs. R. T. Hauer left Monday for San Francisco, to meet her husband, Marine Lieut. R. T. Hauer, who is expected home from Japan.

Mrs. Carl Frantz was called to Columbus on account of the illness of her son, David, a freshman at Ohio State university.

Mrs. Albert Ritchie was hostess to South Side club members at her home Wednesday evening. Mrs. Jacob Stecker was a guest. Card prizes were awarded to Mrs. Louis Atkinson, Mrs. Stecker and Mrs. William Dalrymple. Mrs. Lloyd Culler will be the next hostess.

Walter Grim, a former resident

of Washingtonville, celebrated his 100th birthday today. Now making his home with a daughter at Niles, he is in good health and is very active.

State To Eliminate Route 7 Crossing

COLUMBIANA, Nov. 21.—The state highway department plans to eliminate the Pennsylvania railroad crossing on Route 7, east of town, it was revealed at village council meeting Tuesday evening.

The plan was made public when the state asked for permission to use Columbiana streets for detour during the construction of the bridge to carry Route 7 over the railroad tracks.

The project, it was explained, will be one of the most important undertaken in many years. No estimate of the cost was given, but it is expected that it will take about a year to complete the work.

The crossing has been the scene of a number of accidents, including several fatalities.

Flashes Of Life

GRANVILLE—Mr. and Mrs. Clifford H. Krips, Jr., both teach economics at Ohio colleges, about 70 years apart.

Mr. Krips is an associated professor at Mount Union college in Alliance and his wife is an instructor at Denison university here.

The couple met when they were junior economists in the regional office of the National Labor Relations board in Atlanta, Ga.

OXFORD—Fifty years ago a young married couple, Mr. and Mrs. W. G. Laird of north of Oxford, had their wedding picture taken at Snyder's studio here.

Looking forward to their anniversary Dec. 3, they returned to the studio recently for their golden wedding picture.

The same photographer, Frank Snyder, snapped them in the new pose. "I didn't remember Mr. and Mrs. Laird, but I did recognize the picture they showed me as one I had taken," Snyder said.

CLEVELAND — Brecksville High school has 11 sets of twins enrolled. Mr. and Mrs. E. A. Annen contributed two sets of them.

TOLEDO — Mrs. Martha Travis, proprietor of "Martha's Lunch," looked her restaurant and hung out a "closed" sign when her employees were drafted and she couldn't get replacements.

However, the customers liked her cooking so well they went around to the back door.

Result: Mrs. Travis serves about 50 lunches a day, dishing out the food directly from the stove. Patrons wait in line, holding out their dishes, and even help wash dishes and ring up their own sales.

DELAWARE—Although all navy men now have left the Ohio Wesleyan university campus, "signs" of them remain.

Over the door of the office now occupied by Mildred Newcomb, head of Stuyvesant hall, is a large sign reading "commanding officer."

LYNCHBURG—Rev. Edward Bauman, youthful pastor of the First Church of Christ of this Highland county village, inserted the following notice in the Lynchburg News:

"Plo your breath on this spot. If it turns red, see your doctor; if not you are well enough to attend church."

CHILLICOTHE — A cardboard Russian cigar box which served President Truman at the Potsdam conference has been presented to the Ross County Historical society.

Li Gen J. E. Hull, who attended the historical meeting, sent the box, containing two cigarettes to his brother, Dr. J. R. Hull, who in turn presented it to the museum.

COLUMBIANA

The Union Thanksgiving service for Columbiana and vicinity will be held at 8 tonight in First Methodist church, with Rev. Carl B. Banks of the Church of the Nazarenes preaching the sermon. The girls chorus of the Columbiana High school will sing under the direction of Mr. Oldridge, music instructor.

The congregation of the Jerusalem Evangelical Lutheran church will have its Thanksgiving service next Sunday morning.

A farm machinery assembling, distributing and servicing plant is to be established in Columbiana by Ray McCune and associates of New Waterford.

The plant will be on E. Park ave. at the eastern edge of town.

Halt Strip Mining

EAST PALESTINE, Nov. 21. — City council yesterday approved a plan to prohibit strip coal mining in the city limits. Legislation will be enacted Dec. 3.

INGRAM IS GIVEN TERM IN PRISON

LISBON, Nov. 21.—James Ingram of East Liverpool was sentenced to a one to 20-year term in Ohio penitentiary by Common Pleas Judge Joel H. Sharp late yesterday.

Ingram originally was convicted of shooting Betty Mercer of East Liverpool with intent to kill. He had been committed to the Lima State Hospital for the Criminally Insane, subsequently was released, but was arrested recently for violation of his parole.

Ingram, who was indicted on a charge of shooting with intent to kill in connection with the wounding of Betty Mercer on Aug. 10, 1944, was committed to the Massillon hospital for observation following a plea of "not guilty by reason of insanity" and was later committed to the Lima State hospital until he was restored to reason.

Last July he was released from the hospital and again brought into court to answer to the charge. Withdrawing the former plea, Ingram then pleaded guilty and was placed on probation for a period of five years under certain conditions.

UNION ACTION

(Continued from Page 1)

the strike and would not cross picket lines.

Wage Parleys Failed
The decision to strike followed two months of fruitless negotiations on the UAW-CIO's 30 per cent wage increase demands, union rejection of three company counter-proposals and General Motors' delay in replying to a union proposal for arbitration of the dispute.

The corporation withheld comment pending official notification of the union's decision. C. E. Wilson, GM president, flew here last night from Washington, where he had been attending the labor-management conference.

Chrysler Corp., the Ford Motor Co. and other automotive firms facing similar wage demands maintained a close watch on developments.

George Romney, manager of the Automobile Manufacturers association, said Monday a shutdown of General Motors would force all but one other car producer to close within a week. Ford could maintain 50 per cent production, he added.

In addition to five makes of automobiles—Chevrolet, Pontiac, Oldsmobile, Buick and Cadillac—General Motors turns out numerous other products such as refrigerators, stoves, radios and Diesel engines. It also produces parts for most of the other car manufacturers in its network of factories.

MONTGOMERY WARD STRIKE IS CALLED
(By Associated Press)

NEW YORK, Nov. 21.—Samuel Wolchok, president of the United Retail Wholesale and Department Store Employees of America (CIO), today announced the union had called a nation-wide strike of Montgomery Ward & Co. employees for one week, beginning next Monday.

"Our plan is not for a long strike," he said. "We are going out for one week and then from time to time might repeat the operation."

Wolchok, who made the announcement at a press conference, said the union was "willing to call off the strike" if Sewell Avery, Montgomery Ward board chairman, accepts union proposals mailed to him last Friday.

In these proposals the union offered to drop demands for a closed shop and check-off and to submit other proposals to arbitration.

Educators Aid Vets
CLEVELAND, Nov. 21.—The National Education association will sponsor the first national conference of veterans' educators here in January, Committee Chairman Robert H. Owens of Cleveland announced. About 150 delegates from institutions connected with service-men's education are expected to attend.

Player Fractures Leg
TIFFIN, Nov. 21.—Edwin Sager, 15, sophomore at Republic High school, was in Mercy hospital today with a broken right leg suffered in basketball practice.

CHARGE NAZIS

(Continued from Page 1)

which "is still a struggling and imperfect thing."

"It does not plead that the United States or any other country has been blameless of the conditions which made the German people easy victims of the blandishments and intimidations of the Nazi conspirators."

"But it points to the dreadful sequence of aggressions and crimes I have recited—it points to the weariness of the flesh, the exhaustion of resources and the destruction of all that was beautiful or useful in so much of the world, and to greater potentialities for destruction in the days to come."

Defendants Attentive
The Nazi defendants listened closely in marked contrast to their indifference to the proceedings yesterday.

When Jackson solemnly stated the Nazi leaders would be convicted by their own documents, Hans Frank, Hitler's ruler over conquered Poland, laughed aloud. There were no smiles from the others.

Reading from German records, Justice Jackson said German General Falkenstein wrote on Oct. 29, 1940, that "the Fuehrer is at present occupied with the question of occupation of Atlantic islands with a view to prosecution of the war against America at a later date."

In March, 1941, Jackson said, Field Marshal Wilhelm Keitel, chief of the German high command, issued a secret directive that "the Fuehrer has ordered instigation of Japan's active participation in the war."

Contracts Rabbit Fever
AKRON, Nov. 21.—George Rillings, 34, who contracted tularemia two weeks ago, today was reported

in fair condition in Peoples hospital after receiving a blood transfusion from a former rabbit-fever victim.

Grasshoppers won't eat Ceres wheat for some unknown reason, so North Dakota wheat farmers have planted that variety.

Robert Benchley, Humorist, Dies at 56
(By Associated Press)

NEW YORK, Nov. 21.—Robert C. Benchley, 56, author, editor, actor and humorist, died early today of a cerebral hemorrhage at the Harkness pavilion of the Columbia Presbyterian medical center.

Recently he had spent much of his time in Hollywood and returned only a month ago from the coast where he made a number of motion pictures. He had been doing radio shows while here and was taken ill at his Scarsdale, N. Y., home a little more than a week ago.

Benchley, despite a frequent assertion that his motto was: "The Work Can Wait," was an outstanding success as a writer, critic, motion picture and radio actor.

In Hollywood he wrote and starred in a number of whimsical short subjects. "How to Sleep" won an academy award for the best short subject of the year.

He married Gertrude Darling in 1914. They had two sons.

MAY USE SUPERFORT IN SPEED ATTEMPT
WASHINGTON, Nov. 21.—The Army Air Forces, with a new world long distance flight record hung up for the B-29, is expected to make a transcontinental speed try later this week with an experimental plane.

It was learned today that an attempted west-to-east speed hop is planned for Thanksgiving day, using an airplane presently designated as XB-42 and built by Douglas Aircraft Co. Little information has been forthcoming on the plane, reported to be of about medium bomber size.

Present cross-country non-stop records range between six and seven hours for various types of planes.

3 PERSONS KILLED WHEN AUTO UPSETS
ST. CLAIRSVILLE, Nov. 21.—Three persons were killed and another was injured seriously early today when their automobile overturned and pinned them beneath it on U. S. Route 40.

The dead were Harold Robbins, 45, of Bridgeport, O., and Mrs. Madelyn K. Crock and Mrs. Ella Mae Helser, both of Wheeling, W. Va.

Donald T. Price, 28, of Bridgeport, was seriously hurt.

Brautigam On Committee For Concert In Spring
Chester Brautigam, director of the Salem High school band and orchestra, has been named on the steering committee which will make plans for the fourth annual Mt. Union college High school festival scheduled for early next spring.

The attendance at last year's festival was more than 900, representing 60 schools. More schools are expected to participate in the coming event.

Tyler Kent, Long a British Prisoner, Sails for U. S.
LONDON, Nov. 21.—Tyler Kent, former U. S. embassy clerk whom the British imprisoned on charges of revealing contents of coded messages, sailed today for the United States, the embassy announced.

Kent was sentenced to a seven-year term on conviction of violating the British Official Secrets act. With time off for good behavior, his sentence expired last Oct. 5.

Nab Boy In Robberies
YOUNGSTOWN, Nov. 21.—A 13-year-old youth arrested in nearby Campbell yesterday admitted the robbery of a grocery store there and a second hold-up, police reported.

Lisbon Observes Holiday
LISBON, Nov. 21.—The court-house, schools, business houses and industry will suspend here Thursday in observance of Thanksgiving day.

Opportunities to buy at advantage are found daily in The News classified advertising columns.

DFC For Flight Record Breakers

Gen. H. H. Arnold, extreme left, chief of Army Air Forces, pins the Distinguished Flying Cross on members of the Superfortress crew which established a new non-stop distance record of 8,198 miles in a flight from Guam to Washington, D. C. Receiving the decoration, left to right, are Col. C. S. Irvine of St. Paul, Neb., pilot and plane commander; Lt.-Col. G. R. Stanley of West Hartford, Conn., pilot and radio operator; Lt.-Col. F. J. Shannon of Philadelphia, radio operator, and Maj. K. L. Royer of Madisonburg, Pa., navigator. (NEA Telephoto)

Lt. Andrews, Patrol Officer, Is Killed As Car Leaves Highway

(By Associated Press)

MOUNT VERNON, Nov. 21.—Lieut. V. M. Andrews, 43, who was in charge of the Columbus district of the state highway patrol, was injured fatally about 3 a. m. today when his patrol automobile struck a culvert railing on U. S. Route 13, a mile south of here.

Andrews, a member of the patrol since 1933, died of a crushed chest and other injuries.

He was enroute to the Mount Vernon station of the patrol when the accident occurred.

The officer had served with the patrol also at Lima, Mansfield, Massillon and Findlay. He was a native of East Liverpool and had lived at Wooster.

Survivors include his widow and three children, who live at Westerville, near Columbus.

COOKED A FINE DINNER; THEN THREW IT TO DOG

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloated, had headaches, felt worn out and was badly constipated. Finally she got ERB-HELP and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Lease Drug Stores.

Newhouse Wins Most Valuable Player Award 2nd Year

By JACK HAND
Associated Press Sports Writer

NEW YORK, Nov. 21.—Hal Newhouse, 24-year-old pitching ace of the World Champion Detroit Tigers, today added a second straight American league most valuable player award to his harvest of laurels.

The slim Detroit native who southpawed Steve O'Neill's Bengals to a pair of series triumphs, including the seventh decisive tilt with the Chicago Cubs, had a runaway in the voting of the Baseball Writers' association.

The writers last week voted Phil Cavarretta, first baseman of the pennant-winning Chicago Cubs, as the most valuable player in the National League.

Last year Newhouse just squeezed past Teammate Dizzy Trout by one point but this time the talented lefthander polled a 72-point margin over his nearest rival, Second Baseman Eddie Mayo, another important cog in the Tiger machine.

Detroit fans will agree with the verdict of the writers for it was

Hurricane Hal who came in on relief to save the "pennant" game against St. Louis on the final day of the season, picking up his 25th win to nine defeats. Over a two-year stretch Newhouse has piled up 54 victories against 18 losses. His 211 strikeouts were tops in the league and he also showed the way with eight shutouts, 312 innings pitched and 29 complete games.

Only once before in the history of the most valuable voting in the junior circuit had a player won the crown two years running. Jimmy Foxx did in 1932 and 1933. He also won it in 1938. Joe DiMaggio, Lou Gehrig, Hank Greenberg, Mickey Cochrane and Walter Johnson each was honored twice but not in successive seasons. One of Johnson's dates back to the old Chalmers award days.

Newhouse matched his 1944 point total of 236, receiving nine first place votes from the 24 writers, three representing each city in the league. Mayo's 164 points just shaded George Stinnweiss of New York, who drew 161 for copping the batting title at .309, and showing the way with 33 stolen bases.

Dave Ferriss, Boston's freshman phenom who stepped out of the Army Air Corps to win 21 games in his first shot at the big time, was a strong fourth with 148 points, followed by George Myatt, a key man in Washington's pennant drive that just did fall short. Myatt had 98 votes to 94 for Vern Stephens of St. Louis.

Roger Wolff, knuckleball ace of Washington's strong pitching staff, took seventh place with 78 points to 70 for Manager Lou Boudreau of Cleveland, who missed the last month or so of the campaign due to injuries. George Case of the Senators followed in ninth position with 60, and Paul Richards, the Detroit catcher who was given much of the credit for the Tigers' success, rounded out the first 10 with 35 points.

First place votes were distributed nine to Newhouse, seven to Mayo, four to Stinnweiss, two to Ferriss and one each to Myatt and Joe Kuhel of the Senators, who finished in 12th position.

Newhouse will receive the second annual Kenesaw Mountain Landis Memorial plaque as baseball's official designation.

The point scores on a basis of 14 points for first place, nine for second, eight for third and so on down to one for tenth.

IVY LEAGUE MADE 'FORMAL' BY EIGHT EASTERN COLLEGES

Agree to Conference Card With Championships, Etc., for First Time

(By Associated Press)

PRINCETON, N. J., Nov. 21.—For the first time since they began meeting each other on the gridiron in the 1870s, eight leading educational institutions of the east have banded together to play football under the terms of a formal agreement, beginning next season.

They are Brown, Columbia, Cornell, Dartmouth, Harvard, Yale, Princeton and the University of Pennsylvania, all of which have signed an agreement "for the purpose of continuing college football in such a way as to retain the value of the game while keeping it in fitting proportion to the fundamental purposes of academic life, it was announced today.

Questions and Answers On Problems of the Servicemen

WASHINGTON—Here are some questions from GIs regarding home loans:

Q. How long does a veteran have after he gets out of service to apply for a guaranteed loan to buy or build a house?

A. A veteran may apply for any kind of veteran's loan within two years after he leaves the armed services, or two years after the legal end of the war, which ever is the later date. But all applications for veterans' guaranteed loans must be made within five years after the legal end of the war. This means, for example, that if a veteran leaves the service four years after the end of the war, he has one year during which he may apply for a guaranteed loan.

Q. Is it possible to get both an FHA loan and GI loan to buy the same house? How much interest is charged? How is the money paid back? Suppose the house you want to buy costs \$5000, how is this combination loan arranged?

A. If the home you have decided to buy is priced at \$5000 and meets FHA standards, the financing institution can make you a loan up to \$4000, which the FHA insures. You pay interest of not more than four and one half per cent, plus one half of one per cent premium for FHA mortgage insurance. That is the maximum. Some institutions charge less. You repay your loan in regular monthly installments, which also include payments on taxes, special assessments, and hazard insurance.

For the GI part of the transaction, you obtain another loan up to \$1000 for the down payment—from the same institution—to make up the necessary total of \$5000. This is the part of the loan the Veterans Administration helps you to get, and you pay only four per cent interest on this amount. The government pays the interest for the first year, and you may pay this loan off along with the other, in monthly installments. If the house costs more than \$5000 you can get a loan secured as high as \$2000, under the GI provision of the law.
